

Principal's Report (Monday, September 25, 2023)

Had a great start to the school year. We have 306 students currently enrolled and continue to see new enrollments weekly. We continue to have 5 classroom teachers at each grade level and PE teacher, French teacher and Learning Support Teacher as well as 9 Educational assistants and a librarian.

We have officially rolled out our new school logo and school colors of blue and red and are working on school clothing which we will bring to council for feedback regarding pricing.

We have started our first kindness challenge students have joined classes to do a shared activity in an efforts to help build relationships and a sense of belonging to the school. There will be a new one each month announced at the assemblies.

Student leadership has started and reps from each class have been chosen. I'm hoping to build on this this year to have them present at council in the future.

We have our school assemblies starting they will be at the end of the month to celebrate the month and student recognition from the past month.

The Eagles news is continuing this year Yolande Klyne's grade 4 class is the managers of the school project.

Fundraisers have been chosen. Gourmet perogy fundraiser shared with Roland Michener and the Andy's beef jerky that we did last year will happen again this year. Will not be doing Purdys fundraiser this year. Too much competition and too much work for the profit.

Couple building projects on the go. A new shed is being built and new concrete laid on the east side of the building. Raised concrete, and ramps by gym and library to be more wheel chair accessible. Concrete from current sidewalk to wheelchair accessible table in playground.
